

Rock Hall Yacht Club

Wristband & Membership Card Policy

“So Why the Wristbands?”

- ◀ They provide ‘at a glance’ security for the pool and club grounds
- ◀ To assist in the protection of our club license – they don’t just give these out to anyone – that makes us special.
- ◀ Act as a social stimulator – display of red bands identifying club guests provide an opportunity to introduce yourself! Maybe a welcomed guest will become a new member!

Our club license states only members and guests of members are permitted on club premises. Members with wristbands on the grounds and/or member ID cards in the clubhouse will help protect the terms of our license.

The blue/white swirl design is for member bands and the red tyvek bands are provided for guests. Feel free to request additional guest bands as needed. They are available with a guest sign-in with the bartender or manager. Temporary loaner bands will be available for ‘oops I forgot mine’ occasions with a \$10 deposit per band. A \$20 replacement fee will be assessed for a replacement blue/white member wristband.

Membership Cards & “Member ID” Promotion

Membership cards will be issued for each adult club member. Please keep this card with you for membership verification. We will also be using membership ID#s when running a tab at the bar to assist with record keeping accuracy. And remember..... this card will allow you to take advantage of reciprocal privileges at other participating clubs!

To help us remember our ID numbers, we are running a promotion....enter your Member ID# in the Mega Champagne Glass during each club visit to participate in drawings for prizes.

We appreciate your patience while acclimating to these new procedures. These small measures are designed to improve and protect our little slice of heaven on the shore.
